In an effort to get more people involved in the club other than just coming out to Autocrosses the current officers have made a couple of changes in the way we will be conducting year end points and the trophies that are handed out at the end of the year.

1st - Starting with the August 6th meeting and thereafter, all in attendance will have their name put in a raffle and the person whose name gets drawn will receive a certificate for (1) free AutoX.

2nd - In order for a person to receive their year end trophy, you must either be present or send in an absentee vote via email come December when the club officers are elected. If you are not in attendance or do not send in a vote, you will not receive your trophy for year end points.

3rd - We now have club stickers for your car or wherever else you want them. Per our bylaws, two of these stickers must be present on your vehicle at each event in order to receive a trophy at the end of the year. Beginning with the July 29th points event these will have to be on your car when you go through tech if you are running for year end points.

Bottom line, we have over 200 active members and only 10 or so that actually take part in the actual operation of the club. We are trying to do whatever we think might help get more people involved with that aspect of the club.
