

## TRSCCA Meeting Minutes

March 2011

The meeting was called to order at 7:10 p.m.

**Secretary's Report:** February 2011 meeting minutes were presented by Janet.

Motion to accept: Han

2<sup>nd</sup>: Jim

**Treasurer's report:** Given by Mike C. with info from Mike A.

Checking: \$2,123.72

Savings: \$15,994.00

The club purchased a Suburban and sold the Dodge that was formerly the club truck.

Motion to accept: Han

2<sup>nd</sup>: Jim

**RE Report:** Given by Mike C.

There is a possibility that the club may raise rates for events. We will see what the turnout is for the test & tune and the first points event and proceed from there. The club will only be providing water for participants this season – no beer or sodas.

Motion to accept: Michelle

2<sup>nd</sup>: Han

**Competition Report:** Given by Han

Han will follow up with Hot Rod Transformations about a contract. The deposit has been made for Challenger Fest. An event will be held at Music City Raceway on 4/17 – Brian Johns will design the course.

Brian Johns and Jason Collett will be doing course design for the National Tour event. Chiefs are still needed for many areas – sign-up is available in the forums.

Cleanup of the timing trailer was done on 2/20, and the timing equipment is ready to go. Forms and wristbands have been ordered from SCCA. The phase 1 Evolution school has been confirmed for 5/21, and Rick gave a discount on the track.

We need 2 replacement helmets and will buy the 2005 version – SPS has some available for \$95. We also need new batteries for the radios. We will not do numbers or bar codes for the test & tune event.

**Rally Report:** Given by Louis

John Roberts will not allow the club to use his land anymore. Randy is talking to someone from Bonnaroo about that site. There is a possibility of doing tarmac events using the same type of cumulative timing that is used in rallycross events. John Roberts will let us keep the bus there for the time being.

Motion to accept: Mike C.

2<sup>nd</sup>: Brian J.

**Old Business:**

None.

**New Business:**

Tom Christensen with the BMW Club spoke about a co-sponsorship opportunity for the Street Survival event. There is a national co-sponsorship with the BMW Club and SCCA. The event will be held on Saturday, June 18<sup>th</sup> (close to graduation) in the parking lot. There have been over 100 schools nationally, and the program has proven very effective. Club members would get the first shot at registering teen drivers for the event, and there are only 30 spots available. Someone from our club would be course steward, and the club would help provide equipment (cones, radios, etc.). Brian Johns may be interested in this position. Street Survival would have an official instructor, and opportunities would be available for additional instructors. Registration is now open, and Tom will post info in the forums.

Motion to adjourn at 7:36 p.m.: Han

2<sup>nd</sup>: Brian J.
